**Subject:** 2006 Technology Transfer Awards Program - Due to AD May 1,2006

>>> Mary Oxner 03/03/06 12:22 PM >>>

This message is to make you aware that the 2006 Technology Transfer Award Program nominations are due to me by June 2, 2006. Please note that the nominations must be forwarded through supervisory channels so they reach the Area Director's office of May 1. The criteria for this program is attached.

I would like to stress the importance of well written nominations that specifically address all criteria and requirements. Accomplishments, achievements, and/or impact must be clear to the selection panel reviewing and recommending nominations for selection. Technology Transfer Coordinators can assist with writing and reviewing the nominations.

Please contact me if you have any questions.
